

Seminary Vision

The Tree of Life Interfaith Seminary was created in 2009 as a natural out-growth from the study & curriculum of the various spiritual studies courses offered at The Tree of Life School for Sacred Living. Ordination of graduates from our program is bestowed by The Tree of Life Interfaith Temple, a legally established non-denominational church.

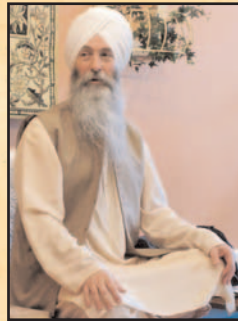

Our Vision:

*Experience the Divine as...
The Body of All Creation
The Heart of All Faith Traditions
The Soul of Each Person*

In addition to offering an overview of world religions, training in ministerial duties and guidance in cultivating spiritual leadership and mentoring skills, the core aspect of this program is a 26 Module systematic process whereby you are invited on a journey to:

- Celebrate the awareness that you have an inner treasure, a unique part to play, in the divine plan.
- Explore and cultivate how you may offer your inner treasure, your unique gifts, in service to a greater good.

Core Curriculum

The Core Curriculum, "The Path of Crow: Journey to Your Inner Treasure" guides you in making your life your ministry!

Part 1: Preparations -

Offers training in how to create a spiritual practice calling upon models from a variety of faith traditions. You'll explore numerous forms of meditation and prayer and examine the process of co-creating with the Creator through the interplay of personal will and divine surrender. You'll receive detailed guidance on how to create a spiritual practice that resonates with your inner knowing, deal with obstacles as they arise and, ultimately, how to become an alchemist turning the challenges of life into the gold of the journey. Welcome to the treasure's crucible.

Part 2: Create Your Vision of Ministry -

Provides a methodology whereby you may integrate the gold of the journey, the joys as well as the challenges, as necessary and critical components of your personal ministry character and vision. You'll be offered opportunities for alchemy, to polish your inner treasure, by transforming patterns that no longer serve. And, as you clarify your personal vision of ministry and prepare for its manifestation, you'll be supported to offer it as an expression of beauty, in service. Finally, to supplement your ministry vision, you'll be trained in the basic duties of clergy as well as in the components of spiritual leadership and mentoring. Welcome to the Path of Crow.
